Quiz Restrictions Part 1 in D2L

1. In D2L, select the course you intend to modify.

2. Select Quizzes on the Navigation bar.

3. Within Quizzes, select the Quiz you want to edit.
4. Within Edit Quiz, select **Restrictions**

5. To specify start and end dates for a quiz, select **Start Date / End Date / Calendar**.
6. To specify additional release conditions, start by selecting **Create and Attach**.

7. Select the **Condition Type** that will release the assignment and then identify the corresponding **Dropbox Folder**. Click **Create**. All conditions must be met before students can take the quiz.
8. To choose whether to require LockDown Browser or not, select **required to take this quiz** and/or **required to view feedback and results**. LockDown Browser can be useful in proctored environments.

You should now be able to access some of the quiz release conditions, allowing you to customize your quiz settings.
