

General Use Classroom List

All General Use Classrooms are equipped for use with Zoom/Teams conferencing capabilities. These spaces all have either a webcam (Avaya), a PTZ or a Meeting Owl Pro; The webcam and Meeting Owl options both have microphones built-in to those devices. Several classrooms have a lavalier microphone installed. Many spaces now have wireless presentation devices called Crestron AirMedia. Recording class lectures is available in every GU Classroom by utilizing Zoom/Teams and recording the session to your OneDrive on the Cloud. Please feel free to contact Educational Technology Services at ITLE (405)744-7234 or ets@okstate.edu with any questions or training assistance requests you might have regarding any GU classroom technology or space.
