Self-Paced Online Teaching Workshop

This self-paced online teaching workshop covers a variety of topics such as outcome-oriented course design, engaging online learners, creating an online activity and assessment plan and more. Whether you are new to online teaching or need a refresher, this course is designed to meet your needs in a flexible format. While working through modules in the workshop, participants will create an Online Learning Assessment Portfolio, which will be submitted to the instructor upon completion of the final module. After receiving your portfolio, the instructor will set up a time to discuss your experience in the workshop with a one-on-one video conference.
