## 2. INCLUSIVE STEM TEACHING PROJECT

The [Inclusive STEM Teaching Project](#), a NSF Improving Undergraduate STEM Education program, is hosting two concurrent opportunities from **October 3 to November 22, 2022**: a Massive Open Online Course (MOOC) and a virtual learning community.

The **six-week MOOC** is designed to advance the awareness, self-efficacy, and ability of STEM faculty, postdocs, graduate students, and staff to cultivate inclusive learning environments for their students. You can learn more and register for the course [here](#).

The "local" OSU virtual learning community will be facilitated by Donald French, Edward E. Bartlett Professor of Pedagogy in Integrative Biology. This learning community will meet Wednesdays starting October 12 at either 3:00, 3:30 or 4:00 PM during the ISTP eDX course and will extend the [asynchronous](#) online activities within edX through [synchronous](#) virtual learning discussions and activities that we as a community can tailor to our context. [Registrations](#) completed by **Monday October 3** will have priority.

In partnership with the Institute for Teaching and Learning Excellence, participants in the OSU ISTP Learning Community have the opportunity to earn an Inclusive Teaching digital badge. Details regarding the additional tasks required will be shared once the learning community begins.

Please visit [www.inclusivestemteaching.org](http://www.inclusivestemteaching.org) for more details about the course content, expectations, and learning communities. If you have any questions, feel free to e-mail us ([donald.french@okstate.edu](mailto:donald.french@okstate.edu) or the ISTP team at [inclusivestemteaching@gmail.com](mailto:inclusivestemteaching@gmail.com)).

### 3. SCHOLARSHIP OF TEACHING AND LEARNING SERIES FOR OSU FACULTY

OSU Faculty wishing to deepen their understandings of teaching and learning are invited to participate in this six-week workshop facilitated by Drs. Kristi Dickey and Gina Morris. Structured as a fully online offering, participants can expect to work both independently and as part of a cohort while investigating:

- Strategies for creating effective lessons
- Approaches that promote student engagement
- Mechanisms for increasing student motivation
- Influences of educational theory and practice
- Components of effective instructional design
- Techniques that encourage students' active participation
- Meaningful approaches to assessment .

**Date:** Oct. 3 to Nov. 11

**Location:** Online

### 4. WORKING WITH NEW QUIZZES IN CANVAS

Canvas provides two different quiz engines for conducting online quizzes, New and Classic. Below are a series of videos that cover the basics of using the New quiz engine, which provides new question types and extended moderating options. The Classic quiz engine, used since OSU adopted Canvas, will remain in place until Spring 2024.

#### Overview of the New Quizzes Tool

The New Quizzes option in Canvas lets you create assessments that are more interactive and visual than traditional Quizzes. This video shows you how to select the New Quizzes option, and how to decide which version of Quizzes (Classic or New) is right for you

[Watch Video.](#)

#### Creating a Quiz using the New Quizzes Tool

This video shows you how to create an assessment using the New Quizzes tool in Canvas.

[Watch Video](#)

#### Overview of the New Quiz Interface

This video is a step-by-step walkthrough of all the major layout features, and helps you understand how to navigate through New Quizzes to get the options you want. Included in this video are instructions for using the Moderation option to give individual students extra time and/or attempts in case an instructor needs to make a special accommodation.

## **5. ONLINE AND HYBRID TEACHING RESOURCES**

Teaching online or HyFlex, when thoughtfully planned, can be very engaging and effective across subjects and disciplines. Whether the content is taught synchronously (live) or asynchronously (on your own time), faculty members can present information to students, demonstrate processes, facilitate large or small group discussions, assess student learning and provide feedback on assignments and assessments. [ITLE has resources](#) to assist you in your planning for a short-term shift or a semester-long course.

---

## **6. EARLY CAREER PROGRAM SERIES**

The Early Career Faculty Support series was designed to support new faculty in their first three years of service at OSU. Topics in the series focus on resources and services that are relevant to new and tenure-seeking faculty.

All sessions will be offered at **ITLE in Room 126 from Noon to 1:30 p.m.** Food will be available at 11:45 a.m. before each session.

Zoom will be available for those wishing to attend remotely, a link will be sent in your email confirmation after registering.

**Date:** Every Friday, Noon to 1:30 p.m.

**Location:** ITLE 126
