## **COURSE (RE)DESIGN IN A WORLD OF ARTIFICIAL INTELLIGENCE**

Get a head start on planning your summer and fall 2023 courses! This professional development session offers faculty an opportunity to consider course design within today's ever-evolving instructional climate. Participants will apply a model for planning courses that emphasizes clear outcomes, relevant and authentic assignments, and assessments that inform teaching and learning.

During this interactive WORKshop format, attendees should expect to spend significant time applying these ideas to their course materials. Both sessions offer the same information and provide in-person and Zoom options, making it easy to fit into your daily schedule. Please select one of the following:

**Session 1:** 9-11 a.m. on Friday, May 19, in ITLE 123 ([Register Here](#))

**Session 2:** 9-11 a.m. on Monday, May 22, in ITLE 126 ([Register Here](#))

**ITLE ANNUAL TEACHING WITH TECHNOLOGY**

# CONFERENCE: ENHANCING EDUCATION THROUGH TECHNOLOGY & AI INNOVATION

Oklahoma State University's annual Teaching with Technology Conference aims to provide a forum in which educational professionals representing all disciplines and specialties may exchange their ideas and explore research, development and applications in this important field of teacher education and technology.

## Keynote Speaker

	<p>Dr. John Spencer, associate professor of education at George Fox University, founder of Blend Education Publishing and author of <i>Vintage Innovation: Leveraging Retro Tools and Classic Ideas to Design Deeper Learning Experiences</i>. @johnspencerideas</p>
-----------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

## Breakout Session Tracks Include:

1. **“Techquity”** — Technology as a Tool for Enhancing Accessibility, Inclusion and Diversity
2. **Collaboration & Community** — Uniting Minds, Creating Connections
3. **Authentic Learning** — Tech Tools that Empower Authentic Learning & Teaching
4. **Teaching in the Age of AI** — Innovation to Meet Acceleration

9 a.m. to 3 p.m. on Thursday, June 22, at Wes Watkins Center

## TIPS FOR USING CHAT GPT

AI/ChatGPT can provide answers and accept raw data in a table format. To have ChatGPT provide answers in a table format, prompt the bot to "Present the information in a table format?" To have ChatGPT provide information to ChatGPT in a table format, use columns and rows to organize the data in a

spreadsheet or a simple text file and copy and paste it into the ChatGPT chat prompt box.

### **Ideas for Using this Format**

**Create a Course Schedule:** ChatGPT can create a table showing the schedule for the entire semester, including dates of each class, assignments, exams and other important events.

**Course Materials and Readings:** ChatGPT can create a table showing the required course materials and readings for each class session or unit, including the titles, authors and publication dates.

**Course Outcomes and Objectives:** ChatGPT can create a table showing the learning outcomes and objectives for the course, outlining the skills, knowledge and competencies that students should be able to demonstrate by the end of the semester.

**Learning Activities and Assessments:** ChatGPT can create a table showing the learning activities and assessments for each unit or module of the course, including the format, duration, and objectives of each activity or assessment.

---

## **END OF SEMESTER BEST PRACTICES**

What can online instructors do at the end of the semester to improve their teaching? This week's module offers three quick ideas to end the semester on a positive note with your students while also setting your new students up for success in the following semester. Join our Online Teaching Tips and Tools Community down below.

To learn more and access this week's module, we invite all online/hybrid instructors to join ITLE's Online Instructor Tips and Tools Community. Each week, a new tip or tool will be released detailing resources designed to enrich the quality of online courses. This community will also provide a space for instructors to ask and answer questions concerning best practices in online instruction. Click the link below or scan the QR code with your phone's camera to join in on the discussion!
