Elevate your Final Review with Blooket

This gamification tool helps students review concepts through unique and engaging game modes with a bit of class competition.

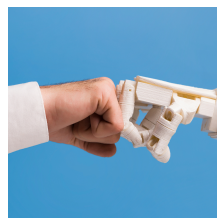

Blooket helps students review course material by repeating vocabulary words, math problems or other course content. A recent study notes that Blooket can increase learners' intrinsic motivation at the university level because it creates a positive environment and instills confidence in students.

With functions like "Check" for testing knowledge and "Grow" for Socratic-style exploration, the chatbot fosters both individual and social learning experiences. Faculty can create engaging activities with AI Tutor Pro, such as group quizzes, collaborative problem-solving or peer teaching, promoting deeper understanding while respecting student data privacy.

Learning More About Canvas: Student Setup for Proctoring with ProctorU in Canvas

A positive student experience begins with student preparation. Please ensure that students take these steps before exam day. The links at the bottom cover everything on this list.

- Students need to create a Test-taker ProctorU account.
- Invite your test-takers to schedule as soon as possible. With a Live+ exam this means scheduling a specific time. With a Record+ exam, students can take the exam at any time during the exam window.
- Urge your test-takers to test their equipment prior to the exam time.
- Ask test-takers to Download the Guardian Browser.
- Encourage students to watch the test-taker experience video below to learn what to expect.
