1. ITLE ANNUAL TEACHING WITH TECHNOLOGY CONFERENCE

ITLE will host the annual Teaching with Technology Conference on **June 23** from **9:00am to 3:00pm** in the **Wes Watkins Center** on the Stillwater campus. This Conference aims to provide a forum by which educational professionals representing all disciplines and specialties may exchange their ideas, explore research, development, and applications in this important field of teacher education and technology. Session offerings will provide

information concerning the latest trends in emerging technology, innovations in pedagogy, and proven practices for inclusion, equity, and access through technology.

Call for Proposals

Proposal submissions should describe an innovative teaching technique framed in one or more of the **5E Elements** (Engage, Explore, Explain, Elaborate or Evaluate) while considering the balance of pedagogy, content knowledge, and incorporation of technology. All sessions have a 45-minute time slot. Each submission should explain how the session will promote interaction and engagement amongst participants. Assessment of proposals is based on engagement potential, participant interest, and innovation. Sessions may include reports on teaching tool effectiveness and descriptions of teaching innovations or resources. In addition, the proposal committee desires facilitated presentations intended to engage the audience.

All presenters must be registered for the Conference..

Deadline: May 1st

2. CAMPUS ZOOM LICENSE FY2022-23

Beginning in Fiscal Year 2022-23, OSU will adopt a campus-wide license for the Zoom web conferencing software to be used with Canvas. With the adoption of Zoom, Big Blue Button (previously called Conferences in Canvas) will no longer be supported. Any faculty that have video recordings in Big Blue Button that they want to keep can save a copy of those recordings to a laptop or desktop hard drive.

To save Big Blue Button recordings: open the recording online, right-click on the video, and select "Save video as..." or "Save as..." depending on your browser.

All recordings should be saved by **June 1st**.

Once saved, these files can be shared in future courses by uploading them in Canvas Studio and either placing a link in a course module or embedding the video in an announcement. That process with Studio is covered in this [PDF](#).

3. OSU FACULTY READS: DIVERSITY, EQUITY, AND INCLUSION EDITION*

This semester we will be discussing three books, each offering valuable insight and perspective regarding the message of inclusivity. Each session will be devoted to a particular title and participants are free to join at any time. Upon registration you will receive access to our group's Canvas community and resources.

Discussion Dates:

April 25 *All About Love* – bell hooks

All discussions will take place via Zoom from 12:00 to 1:00pm on the above dates.

Registration: [Register Here](#)

* Faculty will supply their own copy of the book. It is available in hard copy, electronically, and as an audiobook. A limited number of copies are available via the Edmond Low library.

4. ONLINE AND HYBRID TEACHING RESOURCES

Teaching online or HyFlex, when thoughtfully planned, can be very engaging and effective across subjects and disciplines. Whether the content is taught synchronously (live) or asynchronously (on your own time), faculty members can present information to students, demonstrate processes, facilitate large or small group discussions, assess student learning and provide feedback on assignments and assessments.
