1. COMBINE COURSE SECTIONS IN CANVAS

Course sections within Canvas for Summer & Fall 2021 can be combined upon request. To request a combination of two or more course sections, email canvas@okstate.edu with the names of the courses as they currently appear in Canvas including the five-digit CRN code.

Example:

Please combine the courses below.

ABCD-1234-12345

ABCD-1234-12346

Please be aware that only the materials, submissions, etc. from one section can be preserved during the combining process. Because of this, it is not recommended to combine sections once a semester has begun.

2. EMBEDDING STUDIO VIDEOS IN CANVAS

Videos stored within Studio can be shared with students by either adding a link within the Modules or by embedding it within Pages in a Canvas course..

Instructors can also add other content on a Canvas Page such as instructions and links that go along with the video. This is a revised tutorial to cover updates to the Canvas text editor interface.

Uploading Videos to Studio

You can upload a video from your computer to Studio with a simple drag-and-drop action. Once uploaded, ITLE recommends adding tags to aid in searching for the video in the future.

4. ONLINE AND HYBRID TEACHING RESOURCES

Teaching online or HyFlex, when thoughtfully planned, can be very engaging and effective across subjects and disciplines. Whether the content is taught synchronously (live) or asynchronously (on your own time), faculty members can present information to students, demonstrate processes, facilitate large or small group discussions, assess student learning and provide feedback on assignments and assessments.
