1. ONLINE AND HYBRID TEACHING RESOURCES

Teaching online or HyFlex, when thoughtfully planned, can be very engaging and effective across subjects and disciplines. Whether the content is taught synchronously (live) or asynchronously (on your own time), faculty members can present information to students, demonstrate processes, facilitate large or small group discussions, assess student learning and provide feedback on assignments and assessments. [ITLE has resources](#) to assist you in your planning for a short-term shift or a semester-long course.

2. USEFUL RESOURCES: FEEDBACK INFOGRAPHIC

How do we help students understand where they are in the process of their learning? Feedback! Take a look at an infographic by [Scholarly Teacher](#) on what it is and how you can give it.

3. PLAGIARISM DETECTION IN CANVAS

The Turnitin plagiarism detection service is integrated into OSU's Canvas instance. Turnitin can analyze a file and determine which portion and how much of a file's contents match with known articles, papers, and websites within its expansive repository. Any file uploaded to an assignment within Canvas can be set to run through the service, either automatically or at the instructor's discretion. Turnitin provides a useful tool for instructing students about plagiarism, allowing draft copies of papers to be checked, or in detecting potential academic integrity violations.

Using Turnitin for Plagiarism Detection

The Turnitin software can be used when setting up or modifying an assignment such that student submissions are automatically checked for academic integrity violations.

Advanced Options in Turnitin

The Turnitin plagiarism checking software has several user-configurable options such as the ability to exclude certain sources, opting to include student submissions in the Turnitin database, and grammar-checking preferences.

Understanding the Turnitin Similarity Score

A close look at the information provided in the Turnitin Originality Report, specifically the Similarity Score and how those results can be filtered and organized so as to help instructors deal with potential academic integrity violations.

More Canvas Tips

4. CHANGES TO EXAMITY SETTINGS

The default setting for the Examity online proctoring service have changed. The default proctoring option for assessments imported into Examity from Canvas will now be **Automated + Audit** instead of the previous **Automated** setting. In addition to the normal automated authentication and recording features of the previous setting, this will increase the cost to the student to \$6.75 from \$4.75 but adds an audit of any flagged recordings by Examity personnel.

Instructors that wish to use a different proctoring option can change the option used by their exam by going to Examity, clicking on the course, going to the Exams tab, clicking on the

exam, changing the Security Level setting to the desired option, and saving the changes.

[Read More](#) about Examity automated proctoring options.

5. EARLY CAREER PROGRAM SERIES

The Early Career Faculty Support series was designed to support new faculty in their first three years of service at OSU. Topics in the series focus on resources and services that are relevant to new and tenure-seeking faculty.

All sessions will be offered at **ITLE in Room 126 from Noon to 1:30 p.m.** Food will be available at 11:45 a.m. before each session.

Zoom will be available for those wishing to attend remotely, a link will be sent in your email confirmation after registering.

Date: Every Friday, Noon to 1:30 p.m.

Location: ITLE 126

6. 2022-2023 OSU ACADEMIC LEADERSHIP DISCUSSION SERIES

The 2022-2023 OSU Academic Leadership Discussion series was developed to provide on-going professional development to college and department/school leaders. The series topics address many of the critical issues department/school and college leaders deal with on a regular basis.

All sessions will be offered at **ITLE in Room 126 from Noon to 1:30 p.m.** Food will be available at 11:45 a.m. before each session for in-person registrants only.

Zoom will be available for those wishing to attend remotely, a link will be sent in your email confirmation after registering.

Date: 2nd Wednesday of the month, Noon to 1:30 p.m. See agenda for details.

Location: ITLE 126 and Virtually
